

Confidential Application

Project Leadership participants will be selected by a review committee on the basis of completed applications that are received by **Friday, July 27, 2018**. (NOTE: Applications received after this date will be considered only if space remains in the class.)

Preference will be given to candidates who, in addition to their leadership potential, would contribute to the overall strength and diversity of the class, and who have the time and resources to commit to the program, and to a future community service project. The class will be limited to 25 members.

Requirements for Successful Participation:

- 1. Attendance:** The *Project Leadership* program runs from August 2018 through June, 2019. **Attendance at the Opening Retreat in August is mandatory.** Classes meet on the **second Thursday of each month from 4:00 - 8:00 PM**, with the **exception of the September agriculture class, which meets from 1:00-6:00 PM**. In addition, a **second September class** will also be held for the purpose of examining critical issues and selecting community service projects.

Attendance at each class session is required. In extenuating circumstances, if an absence is necessary, the program consultant must be notified in advance and the hours must be made up through documented community service or through an activity approved by the *Project Leadership* Board of Directors. A student who misses more than 6 hours of class time will be ineligible for graduation. Students are also required to work on a community service project throughout the year, outside the required class time.

- 2. Tuition:** Tuition for the *Project Leadership* is \$500. **The program participant is required to pay \$50 of the tuition fee.** A program sponsor may pay the balance of the amount. The student will be billed for the tuition upon his or her acceptance into the program. Tuition payments are due by the Opening Retreat in August. Some scholarship assistance is available to individuals who may not otherwise be able to participate.
- 3. Involvement:** Participation in the *Project Leadership of Huron County* program requires a commitment of time from each individual, not only out of respect for the employer who sponsors him or her, but out of respect for the individual's team members on the community service project, and for the speakers who freely give of their time to meet with the classes. An individual's success in the program depends in large part upon the degree to which he or she commits to active engagement in every aspect of the program.
